

Homework support for busy families

Redbank Plains State High School is delighted to provide students with Homework Club every week. Homework Club provides students access to a supportive learning environment so they can complete homework and assessments before they come home from school. Additionally, students can receive support from attending teachers and teacher aides.

As well as their school-based learning, your student may also participate in other activities designed to support their health and wellbeing, such as reading or building relationships with other peers.

Once we have received the signed permission slip, your student may attend every week or when they need to. There will be a roll call to keep track of attending students and to maintain a secure environment for students to focus on their studies. Students will be given a small snack and a drink and will be required to stay for the length of the session unless otherwise notified to supervising staff.

We look forward to working with your student to improve their academic outcomes.

SESSION TIMES

Homework Club runs two sessions a week. The sessions are on Tuesday and Thursday from 3:15 -4:15pm. Any changes to Homework Club schedules will be announced via Compass.

Tuesday and Thursday sessions are open to all students with a permission slip.

The prompt finishing time of 4:15 pm is after regular school buses depart. For this reason, a permission form must be signed by the parent to ensure your student has safe arrangements to travel home.
