## Student Attendance

At Redbank Plains State High School, prioritizing student attendance is paramount. Studies indicate that maintaining consistently high attendance levels directly correlates with greater academic success. Any challenges related to irregular attendance or lateness may lead to repercussions, including detention, a meeting with the respective Deputy Principal to assess ongoing enrolment, potential cancellation of enrolment, and the prospect of legal action against parents for student non-attendance. Complete attendance holds particular significance for students in post-compulsory education and those receiving Youth Allowance or Abstudy payments.

**If a student is absent  
A parent or caregiver must**

**Enter the absence details via  
the Compass App.**

To avoid receiving a message, parents/caregivers must contact the school before 10.00am to advise that a student will be absent. Students must provide a medical certificate for any absence longer than 2 days. All medical certificates must be submitted to Student Office within 48 hours of returning to school.

Parents/carers will have 2 weeks from the date of the absence to provide a reasonable explanation to the school for the absence. If no reasonable explanation has been provided within the 2 weeks the absence will be recorded as an unexplained absence.

## Student Resource Scheme

### What the Scheme cover?

- Hardcopy and online text resources - materials used in subjects such as Art, Manual Arts and Home Economics
- Other subject related expenses (Excursions not included)
- ID Card
- School Handbook
- Internet access including electronic learning materials such as software
- Printing credits

**Students Resource Scheme fees are subject to change,  
please enquire the fee amount upon enrolment**

### Purpose of the Scheme

1. In accordance with the Education (General Provisions) Act 2006, the cost of providing instruction, administration and facilities for the education of students enrolled at State schools who are Australian citizens or permanent residents, or children of Australian citizens or permanent residents, is met by the State.
2. Parents/carers are directly responsible for providing textbooks and other personal resources for their children while attending school. In recognition that these costs can be high, the school operates a Student Resource Scheme (the "scheme") that enables a parent/carer to enter into an agreement with the school that, for a specified annual participation fee, the school will provide for the temporary use by the student of prescribed textbooks and/or other resources, and/or the purchase of consumables and materials for the student.
3. A Student Resource Scheme is separate to and distinct from a request for a voluntary financial contribution.

*\* A parent/carer who chooses not to participate in the scheme is responsible for providing the student with all items that would otherwise be provided to the student by the scheme as detailed on the Year Level.*

*Requirements List and/or Subject Requirements List, to enable the student to engage with the curriculum.*

# Stationery List

Parents/Carers are required to purchase the compulsory and relevant subject stationery items listed to ensure their child is prepared for school each year. All year-level stationery lists can be accessed on the school's website. Stationery costs will vary based on your child's year level and can be ordered from any stationery supplier.

All students will require access to personal laptop or rental laptop.

# Electronic Devices

Mobile phones and smartwatches “Away for the Day” at all Queensland state schools during school hours.

The Department of Education introduced an “away for the day” policy (July 2023), and after careful consideration with our staff and Parent and Citizens Association (P & C) representatives, our school has decided to implement the following approach:

- Phone Pouches: Each student will be issued a magnetic lock phone pouch. Phones will be locked in these pouches during the roll-marking period and unlocked at the end of Period 4.
- Classroom Un/locking Devices: Classrooms will be equipped with a device to lock and unlock the pouches, allowing supervised use of phones for curriculum purposes.
- Consequences for Violations: Students found using a phone during the school day will be required to surrender it to the Student Office. For the first violation, students will collect the phone at the end of the day. Subsequent violations will require parent collection of the phone. Continued non-compliance will result in an escalation of consequences.
- Canteen Purchases: All transactions at the canteen will be restricted to debit card or cash.
- Laptops: To ensure the highest educational outcomes, all students will be required to have a laptop at school. This device will serve as a crucial tool for educational success and communication with families during school time.

## Consequences of the misuse of a electronic device:

1. First occasion- Collect the device at 3pm from the Student Office
2. Second or more occasions- Phone call home to parent/guardian to collect the device from the Student Office

*\* To view the FULL Electronic Device Policy, please refer to our website.*

# Laptop Program

To ensure students have access to the best possible education, **all students at Redbank Plains State High School from 2025 will use a laptop in all their classes.** Students will still need to use some workbooks for practical lessons, even though their laptops will replace textbooks, with all materials loaded onto their device and accessible at school and home. It also gives every student immediate access to educational enhancement programs like Education Perfect (paid for by the school) and numerous educational quizzes and games.

A laptop means that students no longer need to transport bags filled with heavy books to and from school. They will also have immediate individual access to the latest version of electronic texts and be able to use draw on the knowledge and resources of the internet from their classrooms and all other locations at school and home (if there is an internet connection).

Student surveys show that more than 80 percent of our students believe a laptop computer helps improve their learning, and a similar percentage believe it helps them with homework. In addition, many publishers are no longer issuing printed textbooks, so a laptop is increasingly necessary to access essential learning resources.

In 2025, all students and parents have two options, provide a parent owned laptop of the necessary specifications or hire a Laptop4Rent from the school for the 2024 school year for \$200, which is fantastic value at \$1 per school day.

To ensure they function throughout the school day, laptops must be charged at home overnight and brought to school fully charged. For electrical and workplace health and safety reasons, student laptops are not permitted to be charged at school.

Our school's culture is embedded by our school-wide positive behaviour strategy motto REAL. REAL is an acronym for:

- **RESPECT** - Others
- **EXCEL** - In all endeavours
- **ATTEND** - Every day
- **LEARN** - To the best of their abilities

Students and staff are required to meet clear expectations which support this motto. Explicit teaching of these expectations take place during an Access Class throughout the week.

## School Houses

We are 'Redbank Plains All Stars', our logo symbolises this. The 'Lion' is our official school logo. Our "Lion" will be known as "Leo the Lion" based on the constellation name "Leo" which is Latin for 'lion'. Within our school, there are four distinct houses:

- **Taurus Bulls**
- **Draco Dragons**
- **Aquila Eagles**
- **Scorpius Scorpions**

## Homework Club

The Homework Club will be available for students every Tuesday and Thursday from 3:15 pm to 4:15 pm in the school's Resource Centre (library). The Homework Club assists students in improving results through developing better study habits, including time management skills and the use of resources..

Students participating in the Homework Club will have:

- a quiet workplace
- access to the internet
- supervision and teacher support.

## Canteen

The P & C Association oversees the daily operations of the school canteen, ensuring its functionality every morning before classes commence and during both scheduled breaks. You can find the complete menu conveniently accessible on the school's official website.

Canteen Purchases: All transactions at the canteen will be restricted to debit card or cash.
